

3834-ARBR-EL/ES

**Arbors with Quick-Eject Function -
Saves time and energy**

PRODUCT DETAILS

- Arbors with ejector function for taking out the core easily
- Arbors ending with EL are for Multi-Construction holesaws with All-round carbide drill included (Wood & Bricks)
- Arbors ending with ESM are for Bi-Metal holesaws with HSS drill included (Metal & Wood)
- Arbors ending with ES are for Carbide tipped holesaws with All-round carbide drill included (Fibreglass & Masonry)
- For enlarging existing holes you can also buy 3834-Upsize that is exceptional to use in combination with our ejector arbors
- All arbors are packed in retail package
- No need to spend time on core removal once the cut is performed
- With the Quick-Eject arbor you can easily remove the core and save time and energy
- The strong High-Alloyed steel body prevents wobble
