ERGO™ Long Snipe Nose Pliers with Self Opening Dual-Component Handles and Phosphate Finish

PRODUCT DETAILS

- Two-component ERGO™ handles: thermoplastic surface on tough polypropylene provides superior grip
- Snipe nose pliers developed according to the scientific ERGO™ process
- Suitable for cutting Cu, Fe and Fe+ wire
- Equipped with a return spring featuring an on/off function
- High-performance alloy steel
- Phosphate finish, anti-corrosion treated
- Tips give a good grip and improved accessibility in confined spaces
- Slim semi-circular shaped and serrated jaws
- Sharp cutting edges for cutting softer material such as copper and plastic insulated wire
- Maximum comfort with minimum effort due to ergonomic design
- Comfortable two-component handles provide excellent grip
- Angled tips give good grip and improved accessibility in confined spaces
- Self-opening handles when spring activated
