FROM BOTTLES TO GLOVES

WasteNot™

WasteNot™ is yarn that is made from 23-96% recycled plastic PET (polyethylene terephthalate – a form of polyester) bottles. Plastic bottles made from PET are recycled and turned into polyester to make our sustainable gloves. These gloves help the environment without the compromise in quality and performance.

FROM GLOVES TO ENERGY

Reclaim™

Reclaim™ additive enhances product biodegradability in landfill conditions. Reclaim™ additive attracts microbes, which enables products to breakdown and biodegrade into biogas. The biogas is harnessed by modern smart landfills to create energy, such as electricity, and complete the cycle for a circular economy.

GLOVES TO *energy*

Reclaim™ organic additive introduced into Green Monkey™ gloves

Use the biodegradable gloves then dispose them

Additive attracts microbes in landfill, which turns Green Monkey™ into biogas (10 years - ASTM D5526)

Modern landfills capture methane production and converts it into energy

GREEN MONKEY™

WHEREAS REGULAR NITRILE IS EXPECTED TO TAKE OVER *200* YEARS TO BIODEGRADE

Watson Gloves Green Monkey™ nitrile disposables will break down in only 8-11 years due to an additive in the nitrile formulation. Green Monkey™ nitrile gloves have the same performance properties as regular nitrile disposables. Biodegradation only begins when the gloves are discarded in landfills conditions (ASTM D5526 – low heat, high pressure, limited oxygen, no light and low moisture). Once the biodegradation process begins, the additive in the Green Monkey™ nitrile disposables will ensure that they do not just break down into smaller plastic pieces, but are actually converted to biogas like other organic materials. ASTM D5526 shows up to 26.5% biodegradation in 390 days.

THE biodegradation PROCESS

- 1 **ORGANIC ADDITIVE**
INTRODUCED INTO NITRILE FORMULA
PERFORMANCE PROPERTIES ARE UNAFFECTED

- 2 WORKERS WEAR THEN DISPOSE GLOVES INTO GARBAGE
BIODEGRADATION BEGINS WHEN THE GLOVES
ARE INTRODUCED TO **LANDFILL CONDITIONS**

- 3 **ADDITIVE** ATTRACTS MICROBES IN LANDFILL
THAT TURNS **GREEN MONKEY™** INTO **BIOGAS**
(10 YEARS - ASTM D5526)

- 4 **MODERN LANDFILLS**
CAPTURE METHANE PRODUCTION
AND CONVERTS TO ENERGY AND FUEL
- PROCESS TAKES UP TO **10 YEARS**
COMPARED TO **200+** FOR
REGULAR NITRILE

Our Story

Watson in a Nutshell

With a century of experience, Watson Gloves is Canada's single source for hand protection at work, at home, at play. Our team of glove specialists gets tremendous satisfaction from working with our customers to find the perfect hand protection for just about any task imaginable. Whether we source our gloves from the world's finest manufacturers, or hand-craft them in our local factory, every pair of gloves we sell has been selected for top-of-the-line materials, design and craftsmanship. Try on a pair of Watson gloves. Your hands will thank you!

Two Men Show to International Operation

In April 1918, John Watson and Wayne Stanley started a small business selling hand-crafted gloves to Vancouver's dock workers. Today, 102 years later, Watson Gloves has grown across Canada. We are among the country's leaders of distributing hand protection; offering the widest range of quality gloves for work, home and play.

How did we get here? We have stayed true to our founders' belief that quality materials and above-and-beyond customer service go hand-in-glove. We still make gloves. In fact, our artisans – with an average 20 years' experience – put the same level of dedication and craftsmanship into every pair of gloves we make, as did our founders.

Perhaps more importantly, we have expanded our horizons to keep up with our customers' changing needs. Our talented buyers travel the world over in search of the most innovative materials and designs so that we can offer the best gloves for any task: at work, at home, at play. From bustling cities to remote corners of our country and countries across the Atlantic, our team of sales reps and efficient distribution system make it easy to protect the hands of our customers.

At Watson Gloves, we do one thing, and we do it extremely well: we are the glove experts. Mr. Watson and Mr. Stanley would be proud to know that, even as we continue to grow, we continue to earn our reputation as Canada's single source for hand protection.

Our Commitment

At Watson Gloves, quality materials and above-and-beyond customer service go hand-in-glove. You can count on Watson for:

Quality Every pair of gloves we sell has been hand-selected for top-of-the-line materials, design, and craftsmanship.

Service with a Smile Our experienced team of specialists is committed to our customers' complete satisfaction with each and every pair of Watson gloves purchased.

Innovation We commit to staying one step ahead of our customers; anticipating their needs and bringing the most advanced gloves for just about any job imaginable.
