

TS 30 AP

APPLICATIONS:

- ▶ Stainless steel
- ▶ Steel

Size	Form	Pkg Qty.	Part. No.
5 × 1/8 × 7/8		10	314459
6 × 1/8 × 7/8		10	314460

FEATURES

- ▶ High performance cutting & grinding wheel for working in stainless and carbon steel applications (2 in 1)
- ▶ If working on a large diameter pipe, please refer to our A 24 R/01 special wheel which is 3/16"

BENEFITS

- ▶ OSA Safety Rating (highest rating available)
- ▶ Expiry dates posted on the center ring
- ▶ Designed for all stainless and carbon steel applications
- ▶ Long life
- ▶ Designed for pipelines, pipe and tank manufacturing which require cutting, notching, grooving, root grinding and light face grinding
- ▶ Less vibrations

THE MOST IMPORTANT ASPECT FIRST – Klingspor products are marked with OSA label

What does oSa mean?

In a host of applications grinding and cutting require very high peripheral speeds from the rotating abrasive product. These products must therefore be particularly safe so as to stand up to the extreme mechanical and thermal stress. Regrettably there are no globally binding safety requirements for abrasive products. This is why responsible manufacturers of abrasive products from a number of European countries set up the Organization for the Safety of Abrasives (oSa) in 2000 and thus setting a clear signal against inferior and dangerous products. The user recognizes these quality grade products from the oSa trade name. They signify to the manufacturer and trader a reduced liability risk, a market and competitive benefit and an image gain. As a part of their inhouse quality management system, the manufacturers see to it that the exact provisions are kept to and that only safe, high quality abrasive products are produced and marketed. The fact that the oSa – Organization for the Safety of abrasives issues the worldwide protected oSa trademark to members is confirmation of this internal commitment. The oSa label does not mean that the Organization for the Safety of Abrasives or its institutions assume any liability of the designated products.
